Your Local News

Community News for the Wakefield Area

TASMAN DISTRICT COUNCIL - TASMAN ENVIRONMENT PLAN

You're invited: Have your say on how we look after our district for generations to come

Tasman is a special place to live. Across our urban, rural, and coastal areas we have a great lifestyle and many of our communities are growing. It's important to plan for the future with quality development in appropriate places and by protecting and restoring our land, air, and water. You have a chance to contribute to how we do this.

Tasman District Council staff and councillors will be in Wakefield on Monday the 19th of October to hear your views about our environmental and development issues and opportunities, and what you think makes our district special.

**You can drop-in anytime
between 4pm – 7:30pm
at St. John's Worship Centre,
130 Edward Street
to have your say on how we look after our district.**

From 7:30pm, council staff will be presenting to the Wakefield Community Association about the plan and how to get involved, and you are more than welcome to come along to this too.

All ages are welcome to drop-in and don't worry if you haven't had your say before – you know your place best so we want you to be part of the conversation about how we should protect and restore our environment, build community resilience, and provide for appropriate development of Tasman's towns, local centres, rural areas, and coastal places.

What we learn will make a difference to the new Aorere ki uta, Aorere ki tai - Tasman Environment Plan. This will be an important document that will eventually replace current council resource management plans. This event is your opportunity to get involved and shape the future of Tasman.

At the event you can:

- Give feedback on important topics
- Take part in our fun activities
- Meet other locals
- Get info on local challenges and opportunities
- Sign up to take part in future policy development

Bring your friends and whanau.

If you're not able to make it along, you can visit us online from the 5th of October at www.environmentplan.tasman.govt.nz.

On the website you'll find lots of ways to have your say, learn more about some of our resource management challenges and opportunities, and see what others think about important topics.

Have your say:
Aorere ki uta, Aorere ki tai
Tasman Environment Plan

Monday 19/10/2020
Drop-in from 4pm - 7:30pm
St. John's Worship Centre,
130 Edward Street, Wakefield.

WINDOW ON WAKEFIELD

How it works...

Window on Wakefield is produced and published by Focus Wakefield, a subcommittee of the Wakefield Community Council. All businesses advertising in this publication incur a cost for the advertising space allocated, depending on the size and location of the advertisement. The funds raised from this advertising are used to cover the costs of printing Window on Wakefield. No parties are paid for the time involved with editing, coordinating and publishing this paper. It is the intention that if surplus funds are raised from advertising, that these will be held in a separate bank account to be used for other community projects. The bank reconciliations and financial reports related to this account will be made available to any person who wishes to view them.

Content...

Window on Wakefield is a community newspaper, and as such, we look forward to having articles and content contributed by our community. If you wish to submit a one off article, or suggest some regular content, please make contact with Sonia on 541 9005 or email windowonwakefield@gmail.com and read the Terms and Conditions below.

We try to ensure information published is truthful and accurate, but do not check the facts of the articles and therefore cannot attest to their validity. While all reasonable care is exercised, we do not accept liability for any loss whatsoever incurred through our errors, acts or omissions in relation to the content of an article, or for any consequences of readers relying on the information published. Opinions expressed by contributors do not necessarily represent the views of the Focus Wakefield group, nor are they necessarily endorsed by the Editor or Publisher.

Advertising...

If you wish to advertise in Window on Wakefield, please make contact with Genie or Lindsay on 541 9641 or email enquiries@promoteyou.co.nz and read the Terms and Conditions that will be provided on the rate card.

TERMS AND CONDITIONS REGARDING PUBLISHING OF CONTENT

- a. All articles and other content submitted for publishing must disclose the author's name or where the article/content is contributed by a community group, then that community group's name.
- b. All images should be provided to us in a high quality PDF format. We take no responsibility for the quality of reproduction for images that are not supplied to us in this format.
- c. If you wish to make changes to an article or content already submitted, please ensure these are communicated to us before the relevant deadline date.
- d. When you submit an article or other content for publishing you:
 - agree that the submitted material and/or images can be reproduced by the Editor or Publisher at any time without your prior approval
 - agree that all photographs submitted for publishing are provided free of charge, and the approval to print has been obtained from any persons shown in the photo - this is the responsibility of the person submitting the photo
 - acknowledge that all material is held by us at your risk and is not insured by us. Material will only be returned on request and may otherwise be destroyed by us
 - warrant and undertake that no statement, image, representation or information contained in your supplied article or content:
 - * is or is likely to be misleading or deceptive;
 - * is at all defamatory, in breach of copyright, trademark or other intellectual or industrial property right;
 - * is otherwise in breach of the Copyright Act 1994, Defamation Act 1992, or any provision of any Statute, Regulation or rule of law.
- e. We reserve the right to decline the publication of any article or any content whatsoever on any grounds that we in our absolute discretion see fit.

Bonnets Up Ladies!

As ladies we can feel overwhelmed when it comes to our vehicles and some of the basic things that need attending to.

- Keeping the tyres at the right pressure, including the spare, visual check of tyres for enough tread, nails, cuts and bulges
- How to check the oil and water
- Is visibility good, windows clean, wipers in good condition and window washer water is full
- Are the lights all working
- Check the labels, stickers and warning lights on the dash and what they mean
- Wof, servicing, Road User charges, wheel alignments – knowing when they are due

Wendy and Vicky at Wakefield Auto Services are offering a basic vehicle maintenance session for ladies to get to know their vehicle and give them the knowledge and confidence to keep up to date and safe on the road.

These FREE sessions are “hands on” for each participant to get their bonnets up to see what’s in there and that they can do themselves!

It’s all about the basics. Limited spaces so bookings essential. Please phone Wendy or Vicky 541 8121.

Sessions Available

Wednesday 28 October at 5:30pm

Monday 2 November 5:30pm

Saturday 21 November 10:00 am

The Haunted Willow Bank

by Ciaran Thompson

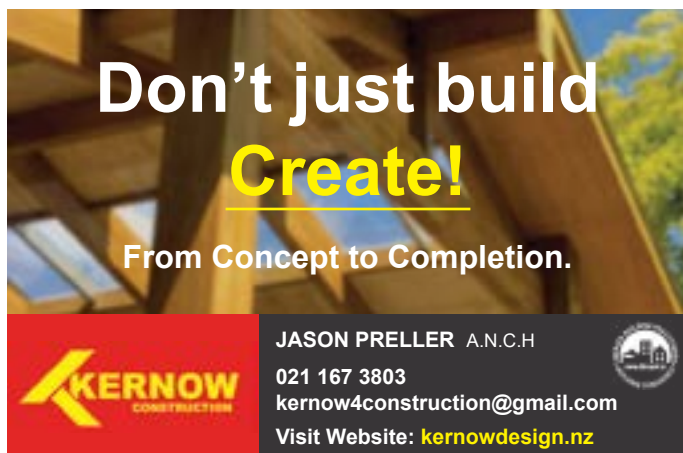

If you have been to Willow Bank Heritage Village on 79 Wakefield - Kohatu Highway before you will know that in October appearances are not always what they seem. What was once a lovely village will be becoming the stuff of nightmares so beware!

On the 31st of October or 1st of November (if wet) there will be food and drink so you can have dinner there and everyone is encouraged to dress up. The children 5pm – 7pm family friendly portion of the event is once again returning for 2020. Your kids can have a laugh meet the character’s trick or treat and travel around the village. They will never have more fun on Halloween.

Now for the teens and adults 8 pm -10 pm portion of events will also be back so be prepared to expect gore that you’ve never seen before. It will be a bigger trail this time with even more frightening situations and gut turning sights.

The question on everyone’s mind? Will you make it to the end? So, Nelson make sure to save the date (or yourselves).

So come along and enter that haunted village entrance and even if you don’t enjoy yourself I can guarantee without any doubt at all that it certainly will be a scream!

SATURDAY 17 OCTOBER 1pm

WAKEFIELD BOWLING CLUB

61 Whitby Road, Wakefield

All you need is flat-soled shoes and a smile!

In the Bush

With such amazing weather and some pivotal rain in the mix, I bet many of you have been very busy tidying your sections and gardens. As for our society our local Scenic Reserves weeding and general maintenance is full on for our volunteer team and again sincere appreciation to members who work outside of our get togethers; Eric Palmer, Chris Tonkin, Gowan Simpson, Alison Price and Dorothy Hole whose native plant knowledge is a tremendous asset to our society.

Our September monthly weeding saw us again at the Robson Scenic Reserve (which is located at the beginning of 88 Valley Road Wakefield). As you will have read previously this has been the area we have targeted over the last three months and what a difference we have made.

We are delighted to also report that the walkway track through this Scenic Reserve (stage 1) of 250 metres has been realigned/resurfaced and is now completed.

Many users have stopped to chat with me during this process and have been more than complimentary of the work done by our society to progress this.

Forty five cubic metres of pathway gravel AP20 (gravel chip), rocks and soil had to be wheelbarrowed then spread and compacted. Thanks to the Tasman District Council Reserves Department for providing the AP20. All other materials were donated by one of our society members who wished to remain nameless.

I was asked constantly; but yes the wheelbarrow was my only option because of the nature of the terrain I was working in and of course protecting the existing flora and fauna from any other form of heavy compression or damage from larger equipment.

The other excellent news for our community and society is that 3,000 native trees will be planted here in next year's planting season. We are grateful to the Reserves Department of the Tasman District Council who will be providing 1,500 with the shortfall being donated by a member of our community. These plants are already on order with the Titoki Native Plant Nursery, with our planting co-ordinator Dorothy Hole spending a great deal of time to select what natives will actually suit the terrain within this reserve. We are delighted that this big push will complete what our members had set out to do and what a tremendous added gem for our village and region.

BIRDS IN OUR BUSH - FANTAIL *"Flycatcher" Rhipidurafuliginosa*

Maori names Hiwaiwaka, Tirairaki and Tiwakawaka - there are 16 other dialectal Maori names for the fantail, many of which denote the restlessness of this little bird.

Tiwakawaka has the meaning "flitting about" or to turn over and over it also describes a restless person.

He toutitakataka – someone who cannot stand still for a moment.

This little bird's colour phase can be pied or black, with the black phase occurring in 12 to 25 percent of South Island birds and less than one percent in North Island birds. It lives almost everywhere there are trees from the coast to the mountain forest and feeds only on insects. They will actually enter a house to chase insects. One superstition is that if a black fantail enters a house it was a sign of death and was chased out very quickly.

It begins breeding in its first year from September to January and raises three to four broods. The nest is to be found firmly attached to outer branches of trees or scrubs between three to ten metres above the ground and made from grass, moss, twigs and rootlets, bound together with cobwebs and lined with hair or fibre, especially tree-fern fibre.

Both sexes build the nest, incubate the eggs and feed the young. Three to four eggs are laid, incubation takes 15 days; fledging a further 15 days. While still feeding the flying young, they will start building their next nest, the same nest is rarely used twice. They are very territorial during the breeding season and will snap their bills at intruding birds.

New Community Centre - Meeting!

New Community Centre – Call for Public Meeting

Anyone who uses the Wakefield hall can see the clock is ticking on the old building. With all but the most basic maintenance halted and the structure a significant earthquake risk, in the not-too-distant future Wakefield will be without the most vital facility for any small community – a village hall.

In recent years we've watched communities around us rally to create vibrant, modern centres in Moutere, Murchison and Golden Bay, and at last month's Community Council meeting, local Councillor Christeen Mackenzie reminded us that the TDC's current long term plan mentions a future centre in the Brightwater-Wakefield area.

The Council's purchase last year of the land between the sports ground and Edward Baigent Reserve encourages us to consider our community's future needs. The TDC's intentions for a new centre may be years away but now is the time to get the ball rolling if we want a community centre for our growing village through the 21st century.

With the requirement that the local community raises a third of the price for any new centre we know the task is huge. We must be proactive, work closely with the Council and other agencies, but most importantly, get our community inspired to act.

So let's get started. **Join us for a meeting Thursday 22nd October at 7.30pm at the Wakefield School Hall.** Be prepared to talk about what you want to see in a future community centre and how we can make it happen. We need the voices of all local groups: sports, recreation, arts, health, social.

For more information contact Sonia Emerson (021 221 1009) and Peter Verstappen (021 047 1092).

Good afternoon Wakefield community

The weather is warming up and spring is in the air with the daffodils flowering and the lambs in the green paddocks. It has been a dry winter this year and what people are telling me is it will be a dry summer as well so it is time to start conserving water where practical and as always be care lighting fires in the open.

Health Centre

Kia ora Wakefield and community residents!

Tènà Koutou from us at Wakefield Health Centre.

We'd like to thank you for your patience and care for each other and our staff with the different restrictions and processes we have needed to follow through COVID.

One particular side effect for us was that at the end of August, Wakefield Health Centre as we know it, celebrated 30 years of service, but unfortunately actual celebrations had to be deferred due to level 2 restrictions.

September 3rd saw our nurses on strike and standing on State Highway 6. (The nurse's union continues to negotiate with DHBs for fair remuneration in the MECA) – thanks to all those who lent their support, signatures and toots to our valuable nurses and were so understanding while attending the practice on that day.

As we ease back down the COVID alert levels, everything is looking a bit more familiar, but we are making up for it this month with a few other (pre-planned) changes going on!

October sees us starting the process of implementing new patient management software which will mean training sessions happening at times over the month, and there might be other teething issues/delays at times as we learn the new system. We would appreciate your patience! We are excited for some other options we have with the new system, including that we will finally be able to encourage all our tech-literate patients to sign up for our new portal for accessing scripts, appointments and advice. (Users of the existing portal will be automatically transferred over.)

In September, Dave Emerson started with us as onsite Health Improvement Practitioner (just in time for mental health awareness week!). This is an initiative funded by Nelson Bays PHO, and we are happy to welcome Dave to our team. With a background in mental health, Dave will be a knowledgeable and easy access resource for mental health, behaviour change and links to other support agencies. A GP or nurse can make you an appointment with Dave, or in some cases may suggest you could see him straight after an appointment.

Remember that whatever happens, COVID or otherwise, we remain open and able to provide face to face consults, phone consults, scripts and advice.

Feel free to wear masks at the health centre (your own or one of ours), if you feel more comfortable, and use hand sanitiser. We continue to request that any patients with respiratory symptoms (sore throat, cough, runny nose, fever) let us know when booking as we will keep you separate from other patients and take extra precautions.

Aroha nui in these tough times,

Kim Hurlow and the WHC team.

ENJOY THE JOURNEY **CALTEX**

Wakefield School

The Kereru team children have been very active in the last week of school. They had tennis lessons with Ngaire and scooter and bike training with the Ride-On team. Here are some thoughts from the children.

Tennis

"Tennis was fun because I learned how to hit the ball." *Evie*

"Ngaire played a Kings and Queens game with us. We had to not hit the ball hard or too high or it would go over the line." *Leah*

"I liked how Ngaire showed us how to keep the ball on the racquet." *Caitlin*

"I like playing around the world at tennis. I got better at bouncing the ball and catching it with my racquet." *Kurt*

"I liked that tennis was good exercise and I learned to throw tennis balls and catch them with my racquet." *Elias*

"I learned how to do catches with the tennis ball and the racquet. When I learn something new I enjoy it." *Meekah*

Scooter Training

"I liked the scooter training because you had to walk your scooter across the road to get safely to the other side." *Jaxson*

"I loved it when we got to go around the school in single file like a snake on our scooters." *Mila*

"I liked scootering on the court. I learned to make sure there was 2 finger spaces only under my helmet so it wasn't loose." *Jaxon*

"I enjoyed when we went riding around the school on our scooters. I learned that on the side of my helmet it should look like a Y to be safe." *Mack*

"I learned to look out for sneaky driveways when I was on my scooter. You listen for a car coming out of the driveway then stop, look and go slowly to watch out for cars." *Timo*

"I quite liked going down the ramp on the scooter because I liked how it felt. It felt kind of mushy on the handlebars." *Mia*

"I learned how to use the brakes on my scooter when I was going down the ramp." *Millie*

Live Well Stay Well

Live Well Stay Well Update

It was a great turnout for our Live Well Stay Well meeting in the hall on 15 September when we were fortunate to have two speakers.

Our first speaker was our local constable Jamie White who talked to us on several topics, beginning with his perspective on, and involvement in the Pigeon Valley fire. A very personal experience as his family were directly affected. Among the many things that Jamie did to help at that time, was keeping the animals fed, including goldfish! Wonderful.

Jamie then spoke about the need to be very aware and alert to scams, which can come from phone calls, emails, even from someone knocking at our door. Scammers are becoming even more sophisticated and clever in how they trap people, so always check back to the company/business they are purportedly representing, before divulging any personal information. If it sounds too good to be true, then it is most likely a scam.

And finally he told us about the security cameras (26 of them) that are up around Wakefield and Brightwater, and how they have helped track down offenders.

Next, Ian Viapree, a trustee of Nelson Community Transport Trust, addressed us about the Wakefield bus. This has been unable to run during the different levels of lockdown, but hopefully will be able to resume service soon under level 1. More people need to support the bus else we may lose this valuable service. So spread the word and keep an eye out for updates about the service.

A big thank you to both Jamie and Ian for giving us some of your valuable time.

Upcoming Meetings

13 October: coffee meeting at Headquarters in Brightwater, 9.45am onwards

27 October: Ralph Bradley, Wai-iti Night Sky Park, at Anglican Church Hall from 9.45 to 11am.

10 November: coffee meeting at Cafe Rhubarbe in Wakefield, 9.45am onwards

"Stay Well Live Well" is a health and social group that meets two weekly in Wakefield or Brightwater from 9.45-11.00am on a Tuesday morning.

We advertise our programme in the "Window on Wakefield", your local news, and on Wakefield and Brightwater notice boards.

A varied programme is organised which is informative and fun plus regular coffee and chat sessions. Our goal is to keep well and healthy by promoting good health practices and exercise plus having a positive social connection with others in our community.

Monthly we focus on a speaker with either health knowledge or people who help us understand our community more. We also have time in local coffee shops for Coffee and Chat sessions plus visits to local businesses of interest helping us to get to know our local area.

So this group is ideal for people newly moved to the area who want to get to know our community plus those who live here. Or perhaps you are feeling a bit isolated where you live and want to meet some friendly locals.

No joining fee but we ask you for a gold coin donation at our monthly Wakefield Hall get togethers to help us cover rent and food costs. We communicate what is happening by an email group.

Please contact either of the numbers below if you want to be on our communication list or WATCH THIS SPACE.

You are very welcome to join us.

A Matter of Accounts

by Sonia Emerson, CA, BBus

HOW DO I REGISTER AND WHAT DO I DO NEXT?

In order to register for GST, you need to know what structure you are going to use, and then ensure that you have an IRD number for the applicable structure. This might mean that you need to apply to the IRD for a number if you have just set up a company, partnership or established a Trust. The IRD have application forms on their website for applying for an IRD number, and also for registering for GST, or you can do this online via myIR. [Note that you need to have a separate myIR log on for each entity].

To be able to complete the application form, you will need to think about the following things:

- **Your Business Industry Classification code** - you need to search this on the ACC's website www.businessdescription.co.nz. This tells ACC what type of business you are in, and enables them to create an ACC invoice applicable to your business type in due course.
- **An Accounting Basis** - there are three options;
 - * Payments - The payments basis is only available if your annual turnover is under \$2 million. When using the payments basis, you account for GST in the taxable period in which you actually make or receive the payment. This basis is suitable for small businesses as it more closely aligns the GST to be paid/refunded to the IRD with the cashflow of the business. A cashbook can provide a sufficient method of recording transactions, and there is less need for a "financial system".
 - * Invoice - When using the invoice basis, you claim GST when you receive or issue an invoice, or receive and make a payment, whichever comes first. This therefore may not align with the actual cash in/out of the business. At the end of each period, you need to be able to identify invoices you have raised but have not yet been paid for, and bills that you have received but not yet paid, in order to account for these items as well. A computerised accounting system can come in handy for this purpose, but is not compulsory as there are other ways to track these items.
 - * Hybrid - You claim GST on your expenses using the payments basis and account for GST on your income using the invoice basis.
- **A Taxable Period** - there are three choices of taxable periods:
 - * Monthly - If your taxable supplies in a 12 month period are more than \$24m, you must use this period. You may also choose to file GST returns every month if you expect to receive regular GST refunds, eg as an exporter, or find it easier to work out your GST for a shorter period.
 - * Two Monthly - This is the standard taxable period and there are two different filing frequencies ie the two month period ending on the last day of Jan, Mar, May etc, or the two month period ending on the last day of Feb, Apr, Jun etc. You should choose the combination that aligns with your financial year end month [for most people March].
 - * Six Monthly - only available for small businesses and you can select the months in which the taxable periods end. If your turnover is greater than \$500,000, the IRD may allow you to stay on a six monthly basis in certain circumstances. [As above, you should choose a period that aligns with your financial year end month].

Obviously every business is different but upon discussion with clients, the combination that I would recommend the most frequently would be Two Monthly Payments basis. This is because it aligns most closely with the cashflow of the business. The reason I generally don't recommend the six monthly frequency is that if there is GST to pay, after six months the amount is a bit more significant and unless the business is very good at setting aside the funds each month, it will be harder to find the money to pay the IRD. If there is a GST refund, then you have to wait six months to get the funds refunded to you from the IRD.

WHAT YOU NEED TO DO AFTER YOU HAVE REGISTERED FOR GST

Once you have registered for GST it is compulsory to:

- Charge GST at 15% on all your sales [except if you are making exempt or zero rated supplies]
- Give tax invoices to GST registered persons within 28 days
- Keep GST invoices and receipts when you buy goods or services for your business
- Keep any other documents which support the figures shown on your GST returns
- File your GST returns by the due date and pay any GST to be paid to the IRD by the due date

A Move to the Country On Your Mind?

by Lydia Heyward

Moving to the country is a kiwi dream, and as rural and lifestyle specialists we are seeing more and more buyers making the move to lifestyle properties. It was once the opportunity to be able to have a pony, some chickens and a pet sheep or two. However, after the year we have had and the major shift for many to work from home, we are now seeing an increasing shift for buyers looking for properties with generous shedding or outbuildings suitable for conversions as home offices and hobby spaces to accommodate this dramatic shift.

It is no longer so much about the animals but more an opportunity for buyers to get that work life balance. The house can often take the back seat when buyers find the perfect work/hobby space that matches their needs.

So, what do we need to consider when making the shift to a lifestyle property? As always it is important to do your research. Finding a skilled lifestyle or rural real estate agent is key in making the search as seamless as possible. Rural agents have specialist skills and knowledge of the area and will give you information to make well-informed decisions. Things like internet and cellphone coverage are becoming increasingly important. If working from home it is important to be able to keep connected. Chorus provide a simple online broadband checker to see what broadband is available at an address.

Like all real estate a property may have easements on the title. A lawyer will check the title for easements and let you know what they are.

Water, access and sewage are three main items to check. These are things all urban buyers often take for granted and can sometimes require more involvement in the rural sector.

Checking the water source, understanding any restrictions on the amount of water that can be drawn from it.

Understanding the sewage system, do you have the sewage tank left clean as a condition of sale?

Access in rural areas can mean you share a right of way or private road with others. Knowing the costs of maintaining this and how others use the roads can be helpful in deciding on choosing which property to buy.

There can be tax implications when planning to use the property for business purposes.

Generally speaking, if the property is currently used as a business that is GST registered then the seller often adds GST to the sale price. A lawyer and real estate agent will be able to discuss this with you.

If you are looking at a rural lifestyle, get in touch with your local rural agent now.

Rural agents understand the market and can help navigate your property pathway to find the perfect lifestyle property for you.

RURAL WOMEN ST ARNAUD PRESENTS

LAKE ROTOITI PHOTOGRAPHY COMPETITION

Categories

NATURE | PEOPLE | MACRO

Enter by 13 November | Prizes

Winners announced at exhibition at

Lake Rotoiti Community Hall on

Saturday 5 December 4pm | Everyone welcome

For details go to Facebook Nelson Lakes,
DOC Visitor Centre for entry forms or
phone Sjaan on 021 286 1016

Lake Rotoiti Photography Competition

Enter your **NATURE, PEOPLE OR MACRO** photograph for a chance to win a great **prize**. All entries will be displayed at the Lake Rotoiti Hall, St Arnaud on **Saturday 5 December 2020 4pm – 7pm \$10 entry fee** (children free) includes light refreshments and a ticket to win a lucky door prize! **Everyone is welcome to attend this special exhibition** and enter the People’s Choice Award. Lots of generous prizes will be presented on the night!

Age categories: **Junior** 0-11 **Senior** 12-17 **Adult** 18+

HOW TO ENTER

1. **Print your photo** (minimum size A4 297x210mm or maximum size A2 594x420mm) and drop off at the **Department of Conservation Visitor Centre by Friday 13 November 2020** (NO late entries will be accepted).
2. Complete the **entry form** below and attach to your photograph.

Note: photos must be taken in the **Nelson Lakes National Park / St Arnaud vicinity**.

For further information contact Sjaan Field on 021 286 1016 or sjaanfield@yahoo.com.au

Entry Form

Print your own photograph (minimum size A4 - 297x210mm up to maximum size A2- 594x420mm) and drop off with this completed form to the Lake Rotoiti/St Arnaud Department of Conservation Visitor Centre by **Friday 13 November 2020**.

1. **Full name**.....
2. **Phone number**.....
3. **Email**.....
4. **Address**.....
5. **Title for your photo**.....
6. **Where was your photo taken**.....
7. **Tick which category you are entering:**
 Nature People Macro
8. **If under 18 what is your current age**.....

Terms and Conditions

- Photos **must** be taken in the **Nelson Lakes / St Arnaud vicinity**
- Entrants must submit **their own work** only
- **One entry - per category - per person**
- Photo will be **returned** after the exhibition

Wakefield Playcentre

by Liz Chandler

We are just so lucky in Wakefield to have such easy access to beautiful and exciting outdoor adventures. With the arrival of spring and looking forward to a hot summer, Wakefield Playcentre has started a monthly trip to Baigent's Reserve. This month at the reserve our tamariki enjoyed roaming freely through the bush trails, chasing butterflies in the meadow and exploring the river. Despite the snow on the hills, quite some time was spent exploring the river, floating leaf boats, throwing in stones and adventuring all the way to the other side to sit with pride in the long grass there. Doing this local trip every month will allow our tamariki to establish a sense of belonging in our local environment and to build on the exciting play opportunities that Baigent's Reserve provides.

This month at Playcentre we have also had some very enthusiastic messy play episodes, with paint, slime, sand and clay to name a few. Playcentre is such a fabulous environment for children to explore in as messy a way as they like and the concentration and joy on their faces is testament to what an important part of childhood messy play is.

Our baby boom continued this month with the arrival of Ella, a baby sister for Alex and Ethan. Nai mai pēpi ki te ao mārama, welcome to the world, Ella!

Can we celebrate your special event or help remember someone dear to you?

Please send your obituaries, birth announcements, wedding stories, other important notices to us at windowonwakefield@gmail.com or ring 541 9005

Higgins Heritage Park

Higgins Heritage Park Happenings

by David Win

Spring is certainly here, kowhai is in full flower, tui and pigeons, and the grass is growing well!

At the park we are well underway with planning for our annual community craft fair on the 3rd of January 2021 and already have a great number of confirmed registrations. There are still a few stall sites available – contact Diane on info@higginsheritagepark.co.nz.

Do you recall the Grader Driver / Roadman's Hut which was usually towed around behind the road grader?

We have been fortunate to locate a "well used hut", as the picture shows, and restoration of it is now well underway thanks to Alan B. The hut will be a great addition and when completed can be towed around by our nicely restored road grader. Our grader is circa late 1930's – early 1940's, manufactured by Booth's of Invercargill and has a McCormack 1020 engine. It was the Waimea County's first motorised grader.

The Grader Driver's Hut, circa 1950-60's, was both his accommodation and mobile workshop. Inside is a bunk bed and workshop bench, and warmed by a little cast iron pot belly stove. The rear platform was for carrying the fuel drums.

Country Players Present
'Kiwifruits'
By Carl Nixon and Craig Cooper

Friday 13th and Saturday 14th,
Wednesday 18th, Friday 20th and Saturday 21st November 2020.

ALL BYO PICNIC THEATRE SHOWS

Bring your own cutlery, crockery, wine glasses and food. We provide coffee and tea.
Show starts at: 7.30pm. Doors open at 6.30

\$20 per ticket

Bowls

by Tony Eames

The 10th anniversary of the synthetic green (postponed from April) was celebrated by naming the green after Ray and Diana Spittal who kick started the fundraising effort with a very generous donation and whose son Andrew did the ground works through his company, Ching Contracting.

Many others contributed to the development of the green with planning, donations, loans and work in kind and they are acknowledged on a sign entering the green.

Ray died in 2011 but Di is going strong at age 91 years young. Di attended to roll the last bowl of the winter season across the synthetic green whence it was passed to current Club Patron Rona Vessey who rolled the first bowl of summer across the natural green, Rona still being an active bowler aged 92. Di and Rona played together many times over the past years and it was great to have them together again.

The final tournament of the winter season was won by Maureen Gibbons' team from United Bowling Club; second place was Harry Beckers, Dave Cartwright and Jenny Vaile and third place Tony Eames, Kevin Galvin and Nick Riordan.

The first Open Tournament of the summer season was sponsored by Eric Keepa of Summit Realty. It was won by Alan Robertson, John Mills-Ramage and Al Dudley; second place was Alan Griffiths, Barbara McGregor and Nick Riordan and third place Margaret Eames, Arnold Mason and June Lines.

There will be a "Have a Go" Day open to all on Saturday 17 October from 1pm. Please come along and try out bowling. All you need is flat soled shoes; we will provide bowls and advice.

Summer season has regular social roll ups on Monday and Friday afternoons with many competitive events, Club Champs, Interclub and Centre events. There will be "Community Bowls" again on Friday evenings from November.

Please feel free to call in anytime during these events and introduce yourself.

Or contact Tony on 541 8316 to arrange a time to meet.

Website: <https://www.sporty.co.nz/wakefieldbowls>

Photos:

Top Right – Di Spittal rolls a bowl across the synthetic green in front of the "Spittal Green" sign, her son John Oakly and Club President Julie Hall.

Middle – Rona Vessey rolls the first bowl of the summer season watched by club members.

Bottom Right – Tournament winners from left - John Mills-Ramage, Al Dudley, Eric Keepa of Summit Realty (sponsor) and Alan Robertson.

Quiz Answers

by Derek Evans

1. England great Tom Finney played over 400 games for this club between 1946 and 1960 - which club is it?
Preston North End
2. We all know what stupid and stupidity mean, and also Cupid, but what does cupidity mean?
Greed for money or possessions
3. Anagram of ritual jewels - a British actress
Julie Walters
4. Why is there a cap and gown ceremony at graduations?
For those who don't care - Back in the Medieval Period, students and teachers wore Clerical clothing so Scholars wore robes all the time, and Oxford and Cambridge were the first schools to require this special graduation attire. For the full answer google: <https://universe.byu.edu/2006/04/18/graduation-rites-have-ancient-history>
5. What is an Orca?
A killer whale - the largest member of the dolphin family. It has teeth.
6. What is the present name of the Sandwich Islands?
Hawaii
7. What does Kung Fu mean?
Endeavor or hard training
8. In what sport do you refer to "hitting the wall"?
Marathon running
9. Where did Surfing originate?
Not certain, but it was first observed by Europeans on a ship in Tahiti back in 1767. An alternative is South Africa.
10. What is peculiar about the Sargasso Sea?
Located entirely within the Atlantic Ocean, it is the only sea without a land boundary. It is a region of the Atlantic Ocean bounded by four currents forming an ocean - nicknamed the "Cabbage Patch" because of the vegetation it contains.

Homes for Wakefield

This year a subcommittee of the Wakefield Community Council has been discussing housing in Wakefield. A community survey is currently being designed for release in November. More about housing and this survey will be explained in the next issue of Window on Wakefield.

Town and Country Vet

by Brenda Halliwell, Vet

DRENCHING

Springtime provides the perfect conditions for parasites to flourish. So it's the time of year when having a good drenching program for your stock is essential. There are many factors that influence drench choice and frequency such as the species being treated, age, lactation, stocking density, weather conditions...

Factors that predispose to worm problems include:

- High stocking rate
- Forcing stock to graze close to the ground
- One species only
- Young stock
- Stock in poor body condition/poor nutrition
- Stress stock (eg lack of shelter, other disease)
- Warm humid weather

Factors that reduce worm problems:

- Low stocking rate
- Longer pasture
- Mixed species grazing
- Healthy well-fed stock
- Cold frosty or very hot dry weather

In recent years, a lot of progress has been made in understanding how to control worms but it's a complicated subject partly due to the widespread problem of drench resistance.

Blanket drenching everything increases the chance of drench resistance as well as possibly being unnecessary and therefore a waste of time and money. So sometimes we do Faecal Egg Counts to determine parasite numbers and whether you need to drench. We can also do larval cultures to diagnose the parasite species present so you drench with the most effective product.

For more information or to organise an effective parasite control strategy for your farm, talk to Joe in our Richmond clinic.

FIREWORKS

Some animals are not bothered by fireworks but others can be extremely stressed. If you have a pet that's freaked out by fireworks, it is more effective to prevent (or at least reduce) their exposure to noise and lights than it is trying to calm them when they are panicking.

Move your pet into a familiar room and close curtains before sunset. Then play music or turn on the TV before fireworks start. Having another pet in the room that isn't fearful can help a scared pet relax. And if possible, it is better to remain relaxed rather than stressing about your pet's behaviour and behaving anxiously yourself.

If you plan ahead, Adaptil and Feliway are very helpful for reducing stress but have to be started at least a week or two before they're needed. Rescue Remedy, Calmex and similar remedies may also help when started ahead of time. Thundershirts are effective for many pets.

Sometimes we prescribe medication to help calm pets – this requires a checkup in the clinic and should also be done ahead of time.

Call us if you would like more help with your pet and fireworks.

"Scientists have discovered a new kind of Black Hole that has a gravitational field so intense that no treats or dropped food scraps can escape."

Robsons Reserve - another side...

by Keith Brown, on behalf of Wakefield Residents

I wondered if you would consider printing some information regarding Robsons Reserve and the fiasco it has turned into as I feel that the people of Wakefield are only getting one side of the story.

The reserve was unused for quite some time as it was originally used for horse training and grazing sheep. When Faulknors Bush was off limits due to the forest fire a while back, this was the only accessible place to exercise.

It had lovely meandering paths which people stuck to and an open feel to the place.

In the past few months I have noticed a very dramatic change to the place - no more meandering paths, but an ugly uneven gravel path that isn't even level.

A large deposit of dried up gorse has been placed on the old path to prevent diverting of the gravel path, plus large heavy branches to block the way in case you wanted to risk trampling through the gorse. These had been dumped onto the plants that Nelmec had planted.

The once flat pasture grass area has been churned up with heavy vehicle usage in the wet weather, so is treacherous to walk on without twisting your ankles.

All people including dog owners, walkers, and horse owners are allowed to use this area as per the council policy on reserves. There is also no wheelchair access and it would be impossible to use the new gravel paths as they are too uneven.

No individual has the right to discourage other reserve users and threaten with Ranger or Police and signage.

It also states in the councils reserve policy there shall be no unnecessary fencing to prevent public access to all areas of the reserve. I read this as meaning no fencing.

“Barney” the sheep

UPDATE RE “BARNEY”

Barney the sheep was actually Latte. She was a pet we inherited and many people enjoyed her. At 13 years old she had lived an exceptional life, producing triplet ewe lambs, all black, last year.

Unfortunately she became ill and we had to take her home, where sadly after some time she died.

Keep watch though as there will be another sheep there - either another pet, Snow White with her lamb, or one of Latte's black triplets called Mocha who has a black lamb.

These two sheep also like biscuits, apples and bread and we know many of you love to feed the pet sheep - so in order to keep them healthy, please limit your treats to one per person per day and please NO dry dog food - we think that may have contributed to Latte's final illness.

We're glad you enjoy sharing our pets. If you have concerns please message Alison on 021 168 0324.

Service Restarts on 22nd September

The Wakefield Community Bus will start up again on Tuesday 22nd September, provided we are down to Covid19 Level 1 by then.

At this stage we don't know if it will still be compulsory to wear a mask on public transport, so please check when you book and be prepared to wear one if it is required.

Tickets may still be bought at the Wakefield Four Square Supermarket and just phone or text 020 4195 8866 the day before the run to reserve your seat.

Alternatively, you can book using “Bookit” by going to the Nelson Tasman Community Transport Trust web site, www.ntctt.org.nz. You will find booking instructions on the Wakefield page.

We will be providing hand sanitizer and ask passengers to sign a register on boarding. There will also be a Covid19 scanning code on board for you to scan if you have the app.

We look forward to starting up again after the lockdown and seeing our regulars, and, we hope, many more new passengers.

Tuesdays and Thursdays

CIVIL DEFENCE - WAKEFIELD AREA COMMUNITY RESPONSE

In the event of an emergency, your first task is to ensure the safety of your own home, family and neighbours. Once you have attended to this, if you have **specialised skills/ equipment**, and/or feel you can assist others; or require assistance yourself, please make your way to the Welfare Centre which will be at the St Johns Worship Centre in Edward Street [unless notified otherwise].

Please note that the existence of a Welfare Centre does not absolve each individual from their **responsibility to be personally prepared**. You should ensure that you have your own **survival kit** in place, and that you are able to be **fully self sufficient for at least three days**.

In the event of an emergency, for urgent public messages, tune in to:
More FM 94.1, Classic Hits 89.8, Fresh FM 95.4

My clients appreciate my
**Fairer Flat Fees and a FREE and
Exceptional Marketing Package.**

If you have any real estate questions, give me a call, as

IT'S A GREAT TIME TO SELL!
